## **Our Mission**

We are a company that is customer-focused in order to provide expert service and installation, and to provide automated door solutions that improve the security, safety, and convenience of facilities.

## **About Us**

For over 50 years, customers have been able to count on NOVALCO's reliable and prompt service for automatic door installation and repair.

We keep our doors open 24/7, 365 days a year and provide statewide service across Oklahoma from our two locations in Oklahoma City and Tulsa.

Our experienced, customer-focused team of professionals service all brands of automatic and manual doors. And we're proud to say that all of our staff is highly trained in service and installation and certified by the American Association of Automated Door Manufacturers (AAADM).

When you need automatic door installation or repair, you need NOVALCO.

*NOVALCO is proud to represent Horton Automatics. We've been installing their line of automatic doors in Oklahoma for over 40 years.*
